Ahmed Osama El-Daoushy

Senior Frontend Engineer | React.js | Next.js | TypeScript

Ahmedeng099@gmail.com | +20 101 149 4459 | Giza, Egypt | linkedin.com/in/ahmedosama099 | github.com/AhmedOsama099 | ahmedosamadev.vercel.app

PROFESSIONAL SUMMARY

Senior Frontend Engineer with 6+ years of experience designing and delivering scalable, high-performance web applications using React.js, Next.js, and TypeScript. Proven track record across fintech, social media, and enterprise platforms — including systems at Vodafone Intelligent Solutions (VOIS). Expertise in component architecture, state management (Redux Toolkit, Zustand), GraphQL integration (Apollo Client), and CI/CD workflows. Experienced leading code reviews, driving performance-focused refactoring, and collaborating with cross-functional teams to ship production-ready features. Leverages AI-assisted development tools to accelerate delivery efficiency.

TECHNICAL SKILLS

Frontend:	React.js, Next.js, Angular, Vue.js, TypeScript, JavaScript (ES6+), Redux Toolkit, Zustand, Pinia, React Query, GraphQL, Apollo Client, React Hook Form, Zod
UI & Styling:	Tailwind CSS, Sass, shadcn/ui, Material UI, Styled Components, Dev-Express, Framer Motion
Testing:	Jest, React Testing Library, Unit Testing, Integration Testing, MSW (Mock Service Worker)
Backend:	C#, .NET Core, Node.js, NestJS, Prisma, SharePoint, Power Automate, REST APIs, SQL
DevOps & Tools:	Git, GitHub, Bitbucket, Azure DevOps, TFS, Docker, Jira, Figma, Photoshop
Practices:	System Design, Reusable Component Libraries, Code Reviews, Performance Optimization, Agile / Scrum

PROFESSIONAL EXPERIENCE

Telecom Egypt
Jul 2026 – Present

Senior Frontend Developer (React.js)

Bitbang LLC
Jun 2024 – May 2026

Senior Frontend Developer (React.js)

Amplifidor – Social Media Platform

- Delivered scalable, production-ready features and conducted regular code reviews to enforce clean architecture and consistent coding standards across the team.
- Led performance-focused refactoring initiatives, measurably improving application responsiveness and maintainability across critical user flows.

Tech Stack: React.js, TypeScript, shadcn/ui, Apollo Client, Zustand, Zod, React Hook Form, Figma

GoPay – Fintech Web Application

- Engineered UI enhancements and optimised existing React components, improving usability and reducing friction across core payment and account flows.
- Resolved critical production bugs and refactored legacy code, increasing stability and code quality across multiple modules.

Tech Stack: React.js, TypeScript, shadcn/ui, React Hook Form, Zod, Recharts, Tailwind CSS, Material UI, Styled Components

Vodafone Intelligent Solutions (VOIS)
Mar 2022 – Jun 2024

Software Engineer – React.js & SharePoint

Report Generator System

- Architected and delivered a full-featured admin portal for managing scheduled reports with monthly/quarterly approval workflows — owning approximately 80% of total system development.

- Implemented advanced lifecycle actions (approval, rejection, revision) and integrated automated notification workflows, improving stakeholder communication efficiency.
- Built a user-facing submission and tracking portal, simplifying report management across the organisation.

Tech Stack: React.js, TypeScript, SharePoint, Power Automate

Project Management System

- Designed dynamic planning modules with editable workflows, task assignments, drag-and-drop reordering, and customisable project structures.

Tech Stack: React.js, SharePoint

Documents Generator

- Built a dynamic form engine to generate structured Word documents from user input, integrating Power Automate to convert HTML into downloadable files.

Tech Stack: React.js, TypeScript, SharePoint, Power Automate

SharePoint UI Enhancements & Sites Migration

- Extended SharePoint with custom UI components and contributed to migration and modernisation of internal platforms, improving performance and usability.

Tech Stack: React.js, PowerShell

AIS-WORKS

Oct 2021 – Feb 2022

Frontend Developer (React.js)

- Spearheaded development of a reusable React component library, accelerating delivery velocity across multiple internal projects.
- Delivered UI enhancements and new features for Sharjah's Municipalities Unified Portal, improving usability and visual consistency across modules.

Tech Stack: React.js, DevExpress

Medad Software Cairo

Nov 2020 – Oct 2021

Full Stack Developer (.NET & React.js)

- Developed a QR-based authentication system and interactive quiz platform for a university student management system.
- Contributed approximately 40% of a full UI/UX website redesign, and migrated key desktop accounting modules to web — building ~20 pages representing 25% of the system.
- Designed a visual shipment tracking interface and a financial operations dashboard for a Trips & Operations Tracking System.

Tech Stack: React.js, DevExpress, .NET Core, Entity Framework, SQL, HTML, CSS, jQuery

KEY PROJECTS

STREAM – Social Media Web App

- Full-featured Twitter-style platform with authentication, content creation, editing, and real-time interactions; scalable Redux state management and responsive UI.

Tech Stack: React.js, Redux, Material UI, ASP.NET Framework

Portfolio Website

- High-performance personal portfolio with smooth Framer Motion animations, optimised rendering, and EmailJS contact integration. Live at ahmedosamadev.vercel.app

Tech Stack: Next.js, Framer Motion, Tailwind CSS, EmailJS

Multi-Step Wizard App

- Dynamic multi-step form with state persistence, complex validation, and simulated backend using Mock Service Worker (MSW) for realistic dev workflows.

Tech Stack: React.js, Redux Toolkit, Material UI, MSW, Jest

ModernStore – Angular E-commerce App

- Angular e-commerce storefront with category browsing, product detail pages, cart and wishlist, and sign-in/sign-up flows. Live at ng-ecommerce-khaki.vercel.app

Tech Stack: Angular, TypeScript, Material Icons

EDUCATION

9-Month Diploma in Software Development Oct 2019 – Jun 2020

Information Technology Institute (ITI), Smart Village, Egypt

BSc of Engineering Sep 2013 – Jul 2017

Faculty of Engineering, Menofia University — Grade: Good (70%)

LANGUAGES

Arabic: Native **English:** Very Good (Professional Working Proficiency)

AWARDS & RECOGNITION

- VOIS Recognition Award – Contribution to company-wide digital transformation initiative — Jul 2023
- The Insider Egypt – Best Social Media Online Campaign — Apr 2017
- Student Union – Social Media Campaign Lead — Nov 2016
